- 2. **If the ownership of the stallion has changed in any respect**, please contact this office immediately as a new Application for Stallion Certification must be submitted and approved prior to covering or inseminating any mares.
- 3. Ownership address changes must also be reported to the Department immediately.
- 4. **In the event that the stallion is leased**, lessee must provide a copy of current, signed, lease document. The lease must include effective commencement and termination dates. **Both signatures**, owner's and lessee's, are required on the Application.
- 5. If the location of the stallion changes for any reason or for any period of time it is the owner's or lessee's responsibility to notify the Department immediately. A new Stallion Eligibility Certificate will then be issued and delivered by a State Investigator.
- 6. **If you plan to race this stallion** during the year for which he is certified with the Department as a breeding stallion you must notify the Department of your intent and this office must be apprized of his whereabouts. - 7. <u>Transported Fresh Semen.</u> Transporting fresh semen from Illinois-registered stallions is allowed provided both the mare and stallion are in Illinois at the time of collection and insemination and the Illinois Department of Agriculture is properly notified.
